When the Judaism of her childhood doesn't satisfy Dani Antman's yearning for spiritual awakening, she embarks on a quest for a spiritual path. Dani finds herself immersed in the world of yoga, energy healing, and Kabbalah but her journey of inner transformation has only just begun.

A healing crisis, misplaced trust and a failed marriage, intensify her desire for a teacher who can lead her to self-realization. Her prayers are answered in the form of a realized adept, a Swami from the faraway shores of Rishikesh, India, who initiates her in his lineage of Kundalini Science, the study of the Divine force within every human being that is the initiator of spiritual growth.

And so begins an incredible inner journey as Dani dedicates herself to a spiritual practice aimed at the redirection and completion of a challenging Kundalini process related to her Jewish past. Paradoxically, with the completion of her process she experiences a triumphant return to the religion of her birth.

Wired for God is the candid and compelling memoir of Dani Antman's spiritual journey from mystical Judaism through Kundalini Science and back again, told in a conversational and informal style. Her story gives inspiration and hope to all sincere seekers looking to make real spiritual progress and find their own unique spiritual path.
